IV. TENDER PROCESS

The Tender Process will be conducted in two phases and the interested parties need to fulfill the criteria set in the present Section IV, as follows:

1. Phase A

In Phase A of the Tender Process ("**Phase A**") interested parties will express their interest to participate in the Tender Process by submitting a relevant expression of interest ("**Expression of Interest**"), accompanied by the documentation specified in Section VI below (the "**Supporting Documentation**"), providing satisfactory details regarding the following criteria:

1.1. Right to participate

a. Natural persons or legal entities and consortia, that meet all the requirements which are set in the Invitation, may participate in the Tender Process (the "**Tenderer**" or the "**Tenderers**"). Tenderers that participate in the Tender Process in the form of a consortium are not required to assume a specific legal form in order to participate either in Phase A or Phase B.

Each Tenderer may participate in the Tender Process by submitting an Expression of Interest only once. More specifically, legal entities may participate individually or as members of one consortium only.

It is also possible for a natural person or a legal entity to participate in the Tender Process, which can later on, i.e. following the submission of Expression of Interest and prior to the submission of the submission of binding financial offer, to form a consortium.

b. In particular, in relation to the participating consortia the following apply:

(i) A member of a bidding consortium cannot participate in any other bidding consortium, nor can a member of a bidding consortium present an individual Expression of Interest as a single Tenderer. A violation of this rule shall cause the immediate disqualification of the bidding consortia sharing any individual members, as well as the Tenderers involved.

(ii) In the event that an Expression of Interest is submitted by a consortium, the consortium must designate one of its members as the leader (the "**Lead Member**"). The Lead Member must be a Tenderer fulfilling at least all the prequalification criteria described under paragraph 2 below, of this Section, on a stand-alone basis and must undertake the control of the Company. The Lead Member, as represented in the Tender Process, is required to be duly authorised by the other consortium members to represent the consortium before the Fund.

(iii) All members of the consortium shall be jointly and severally liable to the Fund for their compliance with the terms of the Tender Process. Non-compliance by any member of the consortium may, in addition, lead to forfeiture of the consortium's bid bond.

(iv) Changes in the composition of a consortium (either by way of the exit of existing members or the entry of new members) as well as changes to the percentages between the members of a consortium are permitted in the time period following the conclusion of Phase A' and until the submission of the binding offers, without prejudice to the context of paragraph 1.1(a) above and following written notification to and approval by the Fund. In any case though, the consortium should continue to fulfill the Financial Prequalification Criteria set in paragraph 2.1. below, taking into consideration the new composition of the members of the consortium, and every member of the consortium should fulfill the Personal Situation Prequalification Criteria set in the present Invitation.

(v) All consortium members, including the Lead Member, if their consortium is selected, may transfer all or part of their participation to other consortium members.

c. Natural persons or legal persons, who are resident / registered or having their statutory or real seat or located in high-risk and non-cooperative jurisdictions, as defined any time by the Financial Action Task Force (www.fatf-gafi.org/pages/0,3417,en_32250379_32236992_1_1_1_1_1,00.html), cannot participate individually in the Tender Process. Also, those natural persons and legal entities, as defined in

this paragraph, can participate in the Tender Process neither as shareholders or members, nor as shareholders or members of shareholders or members of a Tenderer. The foregoing shall not apply, if such natural person or legal entity, as defined in this paragraph, is a shareholder or member (even majority) of a Tenderer, which is established under the laws of a Member State of the European Union ("EU"), or the European Economic Area ("EEA") and has its registered seat, central administration and principal place of business within the EU or the EEA or the Organisation for Economic Cooperation & Development "OECD").

2. Prequalification Criteria

2.1 Financial Prequalification Criteria

a. For Legal Entities and Consortia

The Tenderer is required to demonstrate that in the last financial year it had, on a consolidated basis, if applicable, total equity of at least euro twenty five million (€25,000,000).

The last financial year should not have been expired earlier than 31.12.2012. In case the financial statements of the financial year 2012 are not available, the financial statements of the financial year expired on 31.12.2011, should be submitted.

In the case of consortia, the aforementioned financial criterion should be met as a sum of the relevant figures of the members weighted by the percentage of their participation in the consortium, on the basis of the following formula:

$X = (N_1 \times P_1) + (N_2 \times P_2) + \dots + (N_v \times P_v)$, where:

N is the relevant figure as defined in paragraph (a) for each member of the consortium,

P is the participation percentage in the consortium of the relevant consortium member, and

v is the number of consortium members.

If an affiliated company (within the context of Article 42e of Codified Law 2190/1920, as currently in force) participates in the Tender Process on its own or as a member of a consortium, it may rely on the financial capacity of other companies of the same group as specified immediately below:

- If the Tenderer is a parent company it may rely on the financial capacity of its subsidiaries.
- If the Tenderer is a subsidiary, it may rely on the financial capacity of its parent company only if it proves to the Fund that it will have at its disposal the

resources necessary, by submitting a relevant binding letter of the parent company confirming its commitment to financially support the subsidiary.

A Tenderer will not be able to rely on the financial capacity of any other third party to demonstrate fulfillment of the financial criteria.

For the purposes of this section, in the case of private equity funds the above mentioned criterion for the total equity of at least euro twenty five million (€25,000,000) will be based on all companies being managed or advised by the same private equity fund or group of private equity funds. In case of consortia consisting of private equity funds the calculation of the criterion of the total equity shall take place on the basis of the aforementioned formula, taking into consideration the relevant participation percentages and the total equity of the members of the consortium.

In the event that a Tenderer or a consortium member has merged with or acquired any businesses during the last financial year, the criterion of paragraph (a) above may also be met on the basis of consolidated (pro-forma) financial statements, prepared on the assumption that the acquisition or merger took place at the beginning of this financial year.

In case that a legal entity has been established for less than one (1) financial year, the Fund, as regards the reference to the last financial year mentioned above, shall take into consideration the time period within which the said legal entity is on operation, provided that the said Tenderer shall submit a certificate or a statement issued by a well reputed auditing firm, certified in the country of establishment, which shall assert the time period of operation of the legal entity and shall make reference to the equity capital of the Tenderer.

In case under the law of the country of current establishment of a Tenderer publication of financial statements is not mandatory, such Tenderer, together with all other elements provided under this Invitation, needs also to submit, apart from the non-published financial statements, a solemn declaration under Law 1599/1986, pursuant to which it shall state that publication is not mandatory.

b. For Natural Persons

The Tenderer is required to demonstrate that it has adequate funds for the investment:

The "Relative Size of Funds" should be at least euro twenty five million (€25,000,000). The calculation of the "Relative Size of Funds" takes into consideration the sum of the following:

- (i) The equity corresponding to the participation of the individual as partner / shareholder of corporate entities, based on the financial statements or tax statements of

the entities. The financial year must end no earlier than 31.12.2012 (recent proof of participation in these entities to be submitted, such as copy of Shareholders Registry etc).

(ii) Cash deposits in a bank or other credit institution lawfully operating in at least one EU or EEA or OECD member state (recent statement from the bank should be submitted).

(iii) Liquid and transferable securities (recent statement from a bank, brokerage firm, custodian or any other legal entity authorized to issue such statements and legally operates in at least one EU or EEA or OECD member state should be submitted).

All above documentation which will be submitted from the individual, should be subject to the acceptance or rejection of the Fund. The Fund may accept or reject the proof of funds, should these funds be questionable or considered as difficult for liquidation or undervalued.

c. For Legal Entities, Consortia and Natural Persons

All Tenderers should submit a letter by a bank or other credit institution lawfully operating in at least one EU or EEA or OECD member state, in Greek or in English, confirming the solvency and overall financial standing of the Tenderer.

IMPORTANT LEGAL NOTICE

The Tenderer may rely on the financial capacities of a third party, regardless of the legal nature of the relationship between itself and such party. In this case, the Tenderer shall evidence that it will have at its disposal the financial resources necessary for the Transaction by providing a Solemn Declaration of Law 1599/1986, signed by such third party (or its legal representative, if the other party is a legal entity), according to which the third party shall confirm that it shall place all necessary financial resources at the disposal of the Tenderer and that it shall incur liability towards the Fund in case the condition stipulated in this paragraph are not met (Appendix B). In such case, the third party should furnish the documents stipulated under Section IV of this Invitation, paragraph 2 (Prequalification Criteria) sub-paragraph 2.1 (Financial Prequalification Criteria), items (a), (b) and (c), as well as the documents stipulated under Section VI of this Invitation, paragraph 3 (Financial Statements and other supporting evidence of Financial Criteria), items (a), (b), (c) and (d), in order to prove that it disposes the aforesaid financial capacities. Furthermore, the third party should furnish the Supporting Documentation stipulated under Section VI of this Invitation, paragraph 2 (Supporting Documentation) sub-paragraph 2.1 (Documentation).

It is clarified that during Phase B of the Tender Process, the third party must cover either whole or part of the bid bond (to be submitted during Phase B, in accordance with Section IV, paragraph 3 (d) below), to the extent that the said third party undertakes to provide the financial resources necessary for the Transaction. In case the Tenderer, who will rely on the financial capacities of a third party, is finally selected following the Tender Process as Selected Investor, the said third party, providing the financial resources, will also be a contracting party in the Agreement, undertaking together with the Selected Investor the relevant obligations.

2.2 Personal Situation Prequalification Criteria
